Izzy

A Tribute Song

Intro - acoustic guitar, harmonica

Verse 1

I remember the day you came to stay
A tiny Jack-a-bee, brightening every way
With excited little barks and a wagging tail
My heart would swell, without fail
Every time I walked through that door
You'd greet me with joy, wanting more
A happy sound, a loving plea
The sweetest welcome, just for me

Chorus

Oh, Izzy, my Izzy, it's been eleven years
Through laughter and sunshine, and quiet tears
You taught me love, pure and true
My sweet companion, I'll always miss you
My Izzy, my Izzy, you're forever in my heart
Though we are now, so far apart

Verse 2

Our sunset walks, a peaceful, golden scene
Just you and I, a perfect, quiet dream
And morning snuggles, before the day would start
A precious ritual, etched deep in my heart
Your favorite belly rubs, a happy sigh
Those loving moments, passing us by
Every gentle face, every soft embrace
Nothing can ever fill your empty space

Chorus

Oh, Izzy, my Izzy, it's been eleven years
Through laughter and sunshine, and quiet tears
You taught me love, pure and true

Izzy (continued)

My sweet companion, I'll always miss you
My Izzy, my Izzy, you're forever in my heart
Though we are now, so far apart

Verse 3

We hiked through forests, explored the sandy shore
Adventures with my Izzy, always wanting more
Sleeping soundly in my tent, beneath the starlit sky
You were the perfect partner, as the days went by
Riding shotgun by my side, through every winding road
A precious, loyal friend, a loving, happy load
My little wanderer, so brave and so keen
The best adventure companion, you've ever been

Bridge

Chase all those squirrels, baby girl, be free and bold
A story of love, forever to be told
I will see you one day, my sweet Angel, I know
Until then, my precious baby, watch my love grow

Instrumental - acoustic guitar, harmonica, light percussion

Final Chorus

Oh, Izzy, my Izzy, it's been eleven years
Through laughter and sunshine, and quiet tears
You taught me love, pure and true
My sweet companion, I'll always miss you
My Izzy, my Izzy, you're forever in my heart
Though we are now, so far apart

Outro

Now you're running free through the forest wide
With squirrels to chase, nowhere to hide
And laying in a sunbeam, taking a rest
My sweet Izzy, you're truly blessed

Outro - guitar fade

Forever in our hearts
