

Remembering Ollie

Custom Pet Memorial Songs

Bonnie's Green Meadow Run

A Tribute Song

Intro - acoustic guitar, harmonica

Verse 1

The day you came, a new life born
My heart was captured, bright as dawn
Your searching eyes, a gentle plea
Started our routine, just you and me
A little Cavoodle, soft and deep
Secrets we'd share, for you to keep
Each morning began, a sweet new day
Chasing the shadows, come what may

Chorus

Oh, Bonnie, my sweet, courageous friend
Our love's a story that will never end
For fourteen years, a guiding light
You filled my world with pure delight

Verse 2

Sunrise paints the room with gold
A precious memory to hold
Your head upon my lap so still
Our morning chats, my heart would fill
Whispering "I love you," soft and true
A bond between us, strong and new
Comforting presence, warm and mild
My loyal, loving, precious child

Chorus

Oh, Bonnie, my sweet, courageous friend
Our love's a story that will never end

Bonnie's Green Meadow Run (continued)

For fourteen years, a guiding light
You filled my world with pure delight

Bridge

Please know how deeply I love you, my dear
Through every passing day and every tear
I'll love you until we meet again, it's true
Run free, sweet girl, till I'm with you

Instrumental - banjo, acoustic guitar

Final Chorus

Oh, Bonnie, my sweet, courageous friend
Our love's a story that will never end
For fourteen years, a guiding light
You filled my world with pure delight

Outro

Now running free in endless skies
Green meadows beneath your big brown eyes
Pain-free and happy, with friends so grand
Waiting for me in that promised land

Outro - guitar fade

Forever in our hearts
